

I am familiar with chatbots and AI.  
(895 answers unchanged)

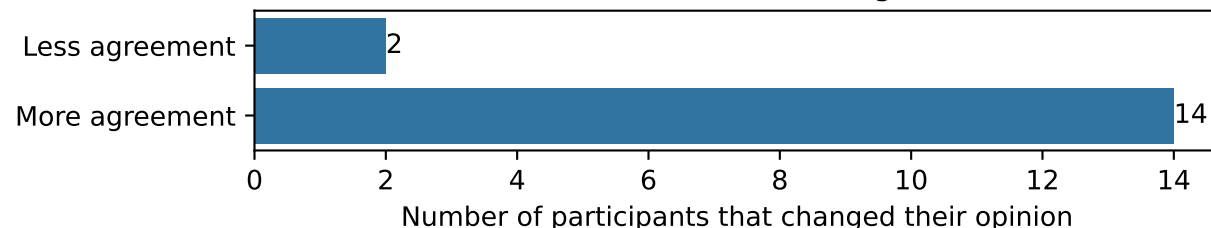

If chatbots and AI are used, this has to be made explicit.  
(941 answers unchanged)

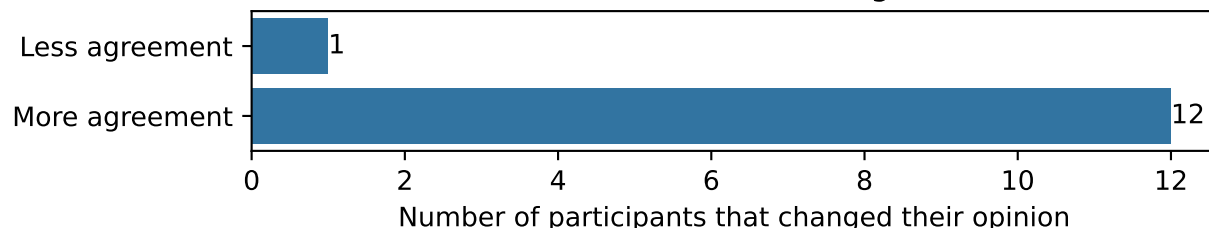

Chatbots and AI can provide valuable contributions to public debates.  
(886 answers unchanged)

If chatbots and AI are used in public debates, we need to know what data the system was developed on.  
(932 answers unchanged)

I support the use of chatbots and AI in public debates.  
(935 answers unchanged)

Chatbots and AI should be regulated and only be employed in specific circumstances.
